A Health Club for Your

Osher Lifelong Learning Institute  
at the University of Alaska Fairbanks

10th  
Anniversary  
2001–2010

2001-2010

## Ten successful years of OLLI at UAF

The Osher Lifelong Learning Institute at the University of Alaska Fairbanks is a membership organization providing learning opportunities for midlife adults (50+) in the Fairbanks area. Classes, lectures, educational travel, and socials are planned and operated by the members. OLLI is a program of Summer Sessions and Lifelong Learning at UAF, and has received financial support from the Osher Foundation.

## SALUTE TO OUR PROGRAM DIRECTOR BARBARA LANDO

In retrospect, Barbara Lando sees her past educational and career paths as preparing her for her present job. Barbara is the founder and current program director of Osher Lifelong Learning at the University of Alaska Fairbanks (UAF).. She came to Alaska to stay a year or two, as do many Alaskans. She and her husband Clif graduated with their doctorates in mathematics almost 45 years ago from Rutgers University. They were fortunate that both were able to find positions with the University of Alaska Fairbanks at that time, and they have made this their home.

While at UAF she not only taught mathematics but helped to start the computer science program. After 21 years, Barbara retired as a faculty member, and then for eight years she directed Elderhostel programs around Alaska.

University personnel she knew were people enthused about the idea of a lifelong learning program. They volunteered to help establish a program, serve on committees and teach.
